### First Meeting

At the first meeting of the School Council, the main topic was bullying. The meeting happened in the same week as “**Anti-Bullying Week**” so all classes discussed this important issue.

The meaning of the word bullying was discussed between the councillors, and they thought about how it is often both sides (victim and bully) that need help. Different ideas were suggested, which Mrs Speller will be discussing with Mr Sparks.

### What next?

The councillors will now be having a meeting with their class to discuss ideas for **ways in which the school could be improved**.

The next meeting of the council will also elect the Chairperson, Vice-Chairperson and Treasurer.
